

# Nokia XR20

Life-proof and for the long run.

## Colours:

Ultra Blue

Granite

### Key features:

Nokia XR20 is designed for the long run. A phone that can stand up to anything life throws at it and look great doing it. And, because you’re using it for longer, it’s better for the environment. Should the unexpected happen, it comes with one-year free screen replacement<sup>1</sup>, and an extended three-year warranty.<sup>2</sup>

#### LOVE IT

**Built to look good through life’s rough and tumble.**

Made to military standard MIL-STD-810H, so you can drop it, bash it and more – if it gets dirty, you can just clean it with soap and water.

**Capture life in the fast lane.**

The 48MP and 13MP UW cameras with dedicated flashes capture detail regardless of the lighting condition. The new SpeedWarp mode lets you fast forward to key moments, while OZO spatial audio makes sure you capture only the sounds you want.

**It’s OZO good!**

OZO Playback technology lets you experience every detail coming through the extra loud stereo speakers.

#### TRUST IT

**Secure for longer.**

Monthly security updates for four years, so your data is safe and secure for longer.

**Packed with helpful features.**

A programmable top button that you can call out the action or app you need. For accessories, an attachment loop is included that’s perfect for lanyards. And 15W Qi wireless charging support for extra convenience.

#### KEEP IT

**The toughest of screens.**

Corning® Gorilla® Glass Victus™ is the toughest screen yet on a Nokia smartphone. It also stands out in sunlight and is sensitive enough to react to the touch of wet hands and gloves.

**The latest OS features until 2024.**

Built to survive includes what’s inside. So, it comes with Android™ 11 and three years of upgrades, so you have the latest software features for years.

### Nokia XR20 sales package includes:

- Nokia XR20 device
- “Quick Start” guide
- Type-C USB cable
- SIM tray tool

<sup>1</sup>Comes with one free screen replacement, should you break it during the first year from the purchase. <sup>2</sup>See coverage at Manufacturer’s Limited Warranty. <sup>3</sup>All specifications, features and other product information provided are subject to change without notice. <sup>4</sup>5G coverage is limited and might not be supported by your network service provider. Actual speed depends on network and other factors. <sup>5</sup>Pre-installed system software and apps use a significant part of memory space. <sup>6</sup>Battery has limited recharge cycles and battery capacity reduces over time. Eventually the battery may need to be replaced. <sup>7</sup>Based on real life usage test by HMD Global. See more info at [www.nokia.com/phones/nokia-xr-20](http://www.nokia.com/phones/nokia-xr-20). <sup>8</sup>Based on durability test conducted by HMD Global Oy. MIL-STD-810H certified up to 1.5m drop protection and 1.5m water protection for up to 30 minutes. <sup>9</sup>Google Assistant is not available in certain languages and countries. Where not available, Google Assistant is replaced by Google Search. Check availability at <https://support.google.com/assistant>.
